INTRODUCTION

The Sport Club Program at University of Illinois at Chicago (UIC), administered by the Campus Recreation Department, is comprised of approximately 30 student organizations. Campus Recreation provides resources, assistance, and guidance to the individual clubs. Each club is formed, developed, governed, and administered by the student membership of that particular club and overseen by Campus Recreation staff, their advisor, and/or their coach.

This manual has been prepared as a guide to assist student officers in the administration of their club sport program. The policies and procedures contained herein apply to all of the clubs. Each club officer, advisor, and coach is required to be familiar with the policies and procedures so that they may ensure that their club’s activities are consistent with the guidelines outlined in this manual.

Questions regarding the policies and procedures within this manual should be directed to the Assistant Director of Programs, Ryan Morse at (312)-413-5165, or e-mail at ryanm@uic.edu.

These officers will be the only members allowed to access the COF account. The advisor may not be the third officer. The form must include current addresses, phone numbers, e-mail, and signatures.

- The COF review committee allocates money to a group, such as sport clubs, wishing to participate in an educational program (i.e. conference, tournament, lecture). The Campus Recreation Department encourages sport clubs to generate additional funds for their operation. Some available options include charging membership dues and obtaining corporate sponsorships. The Sport Club Administration may offer some additional ideas for clubs attempting to supplement their budget. SOR also has resource files and seminars on fund raising.

Equipment Purchases
Any equipment that is purchased with Campus Recreation or UIC allocated funds is the sole property of UIC. All uniforms and equipment that are purchased with individual funds are the property of the individual.

Transportation and Travel
It is each club’s responsibility to make travel and transportation arrangements for all away contests. UIC does not provide vehicles for transportation.

1. The use of private vehicles is allowed, however, the university does not assume any responsibility for accidents, damage or injury resulting from such travel.
2. All sport club drivers must turn in a copy of their valid driver’s license, along with a copy of proof of insurance to the Sport Club Administration.
3. All clubs must turn in a roster of all individuals traveling to away contests no more than 2 days prior to the date of travel.

RISK MANAGEMENT
Safety of sport club participants is of utmost importance. There are inherent risks involved in all competitive, instructional, performance, and competitive based sport programs. The University does not assume any risk for participation in club sport activities. Each participant will be responsible for his/her conduct and actions. The following guidelines describe safety and risk management issues. All sport club members must sign a liability waiver before being able to practice or compete with a club.
**Accidents and Injuries**

The Assistant Director of Programs is to be notified of all sport club related injuries. Clubs are encouraged to have a trainer on hand for all home contests.

**LIABILITY**

Student officers assume the primary role and responsibilities for safety and liability for their club activities. The scope of responsibilities is directly related to the level of each club’s organization and competitive activities. These safety and liability duties are based on various principles and policies.

**Principles and Policies**

1. The University permits sport clubs to be organized and conduct their activities on campus, as approved by Campus Recreation.

2. Each recognized UIC Sport Club is required to have a minimum of one CPR/AED certified active member at all times.

3. The University regards students (and their organizations) willing participants and therefore **does not assume any liability** for the conduct of their activities, programs, practices or competitions.

4. The University **does not** provide liability insurance coverage for any student-run organization, including sport clubs.

5. The University does not provide liability insurance coverage for any salaried employee while acting in the capacity as club advisor or club coach, provided the employee has been approved to serve as club advisor or coach by the Coordinator of Sport Clubs.

6. The University liability insurance coverage is not extended to wage payroll employees, graduate students or undergraduate students who may serve as club coach, advisor or student officers.

7. Any University employee who drives a University fleet vehicle to transport students for club activities is covered by the University’s vehicle insurance policy; provided the number of passengers does not exceed the seating capacity in the vehicle.

8. The full responsibility for liability coverage of club activities rests within individual clubs. If available through a national governing body, each club should purchase liability insurance for officers and members.

**Statement of Liability**  Injury or negligent actions that arise from club activities may impact club officer’s personal liability and result in liability exposure to their families.
Minimizing Liability Exposure. Elected officers should minimize their club and member’s liability exposure by the following operational practices:

1. Require that all members understand the risks of participating in the club’s activity by signing a liability waiver.

2. Prior to their first participation, require that all members declare any physical limitations that could be aggravated by their participation in club sports activities.

3. Restrict persons who inform the club officers of pre-existing medical conditions from participations until they have been examined and cleared by a medical doctor.

4. Prepare a written emergency action plan for the club that addresses the protocol to follow for accidents and injuries. A copy of the plan must be on file in the Campus Recreation Department.

5. To the extent possible, ensure that at least one person trained in basic first aid and CPR is present at each practice and competition.

6. Prevent the abuse of alcoholic beverages by any club members, as well as the use of alcoholic beverages by club members who are minors. Officers are responsible for ensuring compliance with relevant state laws governing alcohol consumption by minors during off-campus travel. Individuals who are transporting sport club members are not permitted to consume alcoholic beverages prior to driving.

CODE OF CONDUCT

Registered student organizations must adhere to the Student Disciplinary Procedures provided by the Office of Student Affairs.

Organizations must also be aware of and adhere to the hazing policy. Hazing is any intentional or reckless action or situation created to produce emotional or physical discomfort, harassment, humiliation, or ridicule for the purpose of “testing” the student’s loyalty prior to becoming a group member. Although historically related to fraternities/sororities, hazing may occur with any organizations. Such actions include, but are not limited to the following examples:

1. All forms of strenuous physical activity, not a part of organized, voluntary athletic contest or not specifically directed toward constructive work that might reasonably be expected to bring physical harm to the individual.

2. Paddling, beating, pushing, or permitting anyone to strike a student.

3. Activities that interfere with a student’s academic program (e.g. lost sleep or study time).

4. Coercing a student to eat or drink amounts of any substance.

5. Abduction, road trips, etc. which are conducted in a manner that endangers the health or safety or a prospective or active manner.

6. Subjecting a student to cruel psychological conditions.

7. Behavior which disrupts the normal functioning of the University or is disruptive to the normal living environment.

8. Any requirement which forces a student to participate in any activity which is illegal, publicly indecent, morally degrading, or contrary to the rules, policies, and regulations of the University of Illinois at Chicago.
In addition, any violation of the following regulations by registered student organizations may result in disciplinary sanctions against the organization and may include revocation:

1. A registered student organization must be in full compliance with all federal and state nondiscrimination and equal opportunity laws, orders, and regulations.

2. A registered student organization may not discriminate against a member or prospective member on basis of race, color, religion, sex, national origin, ancestry, age, marital status, disability, or sexual orientation.

3. A registered student organization using University facilities must observe the provisions of any contract issued for use of a particular facility, and must follow University policies governing the use of its facilities.

4. A registered student organization may reserve and use University facilities for events which are primarily for University students and employees. Publicity for such events must indicate clearly that the sponsor is a registered student organization and that attendance is limited to University students, faculty, staff and alumni.

5. A registered student organization may not reserve facility space for outside organizations.

6. A registered student organization is responsible for all activities and/or damages at any event.

**ESTABLISHING A SPORT CLUB**

**CLUB APPLICATION PROCESS**

1. Meet with Sport Club Administration for permission to continue with an organizational meeting.

2. Schedule an organizational meeting to assist in assessing interest in the club. Room reservations must be made by contacting Student Center East Reservations at 312-413-5040, the Student Center West at 312-413-5080, the Student Recreation Facility at 312-413-5150, and the Sport and Fitness Center at 312-413-5260.

3. To register with the University, student organizations must file a registration application with the Campus Programs Department according to the following guidelines:
   A. The name of the organization must not include words such as “University,” “University of Illinois at Chicago,” “Flames” or any abbreviation thereof.

   B. The names and student identification numbers of at least three currently enrolled UIC students listed as the registered officers, two of whom must be the president and the treasurer (if no person has been designated to perform such
duties, that registered officer does by this statement assume the responsibilities of such offices). These registered officers are authorized by the organization to act for it in its relations with the University.

C. The name, department affiliation, campus address, phone and e-mail address, as well as the signature of the faculty or academic staff member acting as the sport club’s advisor. The advisor must be either a full-time faculty or staff member as approved by the Coordinator of Sport Clubs. Students, teaching assistants, and part-time staff are generally not eligible; however some exceptions may be approved by the Associate Director of Student Organization Resources. Because an advisor may withdraw his/her participation at any time, it is the responsibility of the sport club to find an appropriate replacement or face cancellation.

D. It is the responsibility of the officers attending the SOR Workshop to be accountable for reviewing the information and disseminating it to the registered officers and members. Failure to attend, or to send the officers in their places, will result in registration being revoked. Please contact the Student Organization Resources office 413-5070 for workshop details and times.

Registration is valid through the end of May. Keeping the sport club’s paperwork current is a requirement of the registration process. Without accurate information, SOR cannot provide students with information about the organization, maintain proper records, or mail important correspondence. If the organization is making minimal changes, such as an address or phone number change, only a change of address form needs to be completed. SOR requires that all sport clubs/student organizations file a registration renewal application with the Campus Programs department on or before the first Friday in May each year to maintain its registered status for the following academic year.

4. Submit a list of club officers to Sport Clubs Administration via the Officer and Sport Club Profile form. The list should include the following information: Name, e-mail, local phone numbers, UIN, and year in school i.e.: freshman, sophomore, etc.

5. Prepare a constitution and bylaws and submit a copy for review and approval to the Coordinator of Sport Clubs. A current constitution, containing a statement of purpose of the sport club, shall exist and a copy must be submitted to both the Campus Recreation Department and Campus Programs. It will be made available to any interested party on request by the registered officers. If the organization is nationally affiliated, a copy of the national constitution must also be submitted.

6. Meet with Sport Club Administration concerning the request. A request to join the Sport Club Program will be based on the following:

   A. Availability of facilities and required equipment and the impact of the proposed activity on the usage patterns of existing facilities and equipment for
recreational sports, intramural and intercollegiate athletics for sport management purposes.

B. The availability of the clubs financial requirements and the club’s potential to generate revenue to adequately self-fund the proposed activity.

C. The degree of student participation, leadership and interest in the proposed activity.

D. The availability of adequate competition (if applicable) within the surrounding area.

E. Liability issues related to the proposed sport.

Applications will be considered by:
Ryan Morse, Assistant Director of Programs
Samantha Gill, Coordinator of Intramural Sports

7. Due to financial and facility constraints, it may not be feasible for the Campus Recreation Department to recognize a new probationary club sport even though the above procedures have been followed. If this is the case, the petitioning club’s information will be held on file for one year.

8. The Campus Recreation Department reserves the right to refuse recognition or grant probationary status to any club requiring extensive funding or resources, any club involving high liability or risk factors, or any club which does not properly represent UIC.

9. Following the approval and recognition of the probationary Sport Club by the Campus Recreation Department, the sport club will be expected to follow all UIC Sport Club Policies.

Inactive status can also be brought on by violations of the policies set forth in this handbook. The nature of the infraction(s) will determine the length of the inactive status.

Clubs that become inactive lose certain club privileges including:

- Funding from Club Sports operating budget
- Opportunity to apply for funding
- Opportunity to reserve athletic facilities

Club Officers must meet with Sport Club Administration to discuss the process for restoring active status. Clubs may be re-activated by providing documented evidence that they have fully complied with all Campus Recreation sanctions/policies for a period of time to be determined by the Assistant Director of Programs.
